

# 2017 ADA ANNUAL MEETING

*Fairmont Copley Plaza, Boston, MA  
July 19-23, 2017*

*Program & Registration Information*

# Highlights

The 2017 meeting of the ADA will be focused on public policy and innovation in healthcare and medicine. Our meeting venue is the Fairmont Copley Plaza in Boston, MA, and the program theme is The House of Medicine: Developing an Institute of Dermatology. Our goal is to position the ADA as a coalition of thought leaders and authoritative advisors on issues of health and policy as they relate to dermatology, who can provide unbiased, evidence-based information and advice to policy-makers, professionals and leaders in every sector of society, and the public at large.

Keynote addresses will include presentations by Kathleen Sebelius, MPA, former United States Secretary of Health and Human Services from 2009-2014, speaking about “Healthcare in the 21st Century” and Victor Dzau, MD, current President of the National Academy of Medicine, former Chancellor of Health Affairs at Duke University and former President and CEO of Duke University Medical Center, who will be discussing “From Institute of Medicine to National Academy of Medicine: Serving as a Trusted Advisor to Health and Medicine.”

This year’s meeting will incorporate sessions on drug and medical device regulation and development, FDA regulation of compounding, and the prevention of skin cancer from a public health perspective. Each day will feature a multidisciplinary panel discussion focusing on challenging cases from the specialties of complex medical dermatology, pediatric dermatology, cutaneous oncology, and skin of color, along with a new “Best of the Derm Journals” session featuring the “Article of the Year”. Taking the place of the introductions normally given at the New Members’ Dinner will be a new feature, “Meet the New Members in Five Slides or Less,” which will provide brief, targeted glimpses into the professional lives and interests of our newest class of inductees.

## **Invited speakers will also include:**

Markham Luke, MD, PhD, is the current Director of the Division of Therapeutic Performance in the Office of Research and Standards at the FDA’s Office of Generic Drugs; formerly, he was Chief Medical Officer and Deputy Office Director in the Office of Device Evaluation (ODE), Center for Devices and Radiological Health. His topic will be “FDA and Dermatologic Public Health: From Medical Device Regulation to Drug Access—The Juxtaposed Role of Good Science and Good Regulation.”

Michael G. Kauffman, MD, PhD, is the current CEO of Karyopharm Therapeutics, Inc.; previously, he was Chief Medical Officer of Onyx Pharmaceuticals and Proteolix Pharmaceuticals. Dr. Kauffman’s company’s goal is to foster scientific creativity with pioneering technologies, whose focus is on novel drugs targeting the nuclear pore complex for cancer, inflammation, viral diseases, and other disorders of cellular proliferation. His talk is entitled “Development of Novel Drugs for Neoplastic Diseases.”

Natasha Pattanshetti, JD, MPH, currently is the Manager of Regulatory Policy for the American Academy of Dermatology Association. The title of her talk is “Changing Landscape of Compounding Regulations,” focusing on legal issues related to the use of compounded medications in practice.

## **SPECIAL EVENTS:**

- A very special outing (limited tickets) to a Boston Red Sox Game in a block of seats reserved especially for the ADA!
- A literary discussion led by Doris Kraemer and Gail Gilkey on [The Art Forger](#) by Barbara Shapiro, a true story of a \$500 million heist at the Isabella Stewart Gardner Museum, the beautiful location of our Friday afternoon tour.
- A guided tour of the Isabella Stewart Gardner Museum
- Thursday and Friday are evenings at leisure for you to enjoy Boston on your own.
- A black tie Presidential Cocktail Reception and Dinner in the hotel

**Join your colleagues in what promises to be a great ADA meeting!**

***Special thanks to Desiree Ratner, MD, and the Program Committee for developing our scientific program.***

**9:50 am**

**FDA and Dermatologic Public Health: From Medical Device Regulation to Drug Access –  
The Juxtaposed Role of Good Science and Good Regulation**

*Markham Luke, MD, PhD*

Markham Luke, MD, PhD, is the Director of the Division of Therapeutic Performance in the Office of Research and Standards at the FDA's Office of Generic Drugs, which facilitates generic drug development through research and establishes standards to ensure therapeutic equivalence of new generic drugs. His interests include clinical study design, endpoints assessment (including patient-reported outcomes) for medical, surgical, and aesthetic products, and medical product development for rare diseases and special populations. From 2008 to 2016, he was Chief Medical Officer and Deputy Office Director in the Office of Device Evaluation (ODE), Center for Devices and Radiological Health. He was also Center liaison for Emergency Preparedness and senior champion for regulation of UV indoor tanning devices. Born and raised in New York City, he majored in Biochemistry at New York University, obtained his MD degree at Johns Hopkins University, and completed his PhD under Professor Donald S. Coffey in Pharmacology and Molecular Sciences. He was a dermatology resident at Washington University/Barnes Hospital, St. Louis, MO. He served as PHS Fellow and Clinical Associate for Dermatology at the National Cancer Institute, NIH, then as Medical Officer reviewer in the FDA Office of New Drugs. In 2001 he became Lead Medical Officer for dermatology at the FDA. He currently serves as an attending at Bethesda National Naval Medical Center (now Walter Reed Medical Center), instructor at the Uniformed Services University of the Health Sciences, and as a medical consultant for the NIH.

GRAND BALLROOM

10:55 am – 11:15 am

**YOUNG LEADERSHIP AWARD AND LECTURE**

*Introduction by Amy Paller, MD*

**Atopic Dermatitis in Adults: Not Just Big Kids**

*Jonathan Silverberg, MD, PhD, MPH*

Jonathan I. Silverberg, MD, PhD, MPH, is Assistant Professor of Dermatology, Medical Social Sciences and Preventive Medicine at Northwestern University Feinberg School of Medicine in Chicago, IL. He is founder and Director of Northwestern Medicine's Multidisciplinary Eczema Center and Director of the patch testing clinic at Northwestern Memorial Hospital. He received his doctorate in neuroimmunology, medical degree, and Master of Public Health degree in biostatistics and epidemiology from the State University of New York Downstate Medical Center in Brooklyn, where he also completed his internship in internal medicine. He did his residency training in dermatology at St. Luke's-Roosevelt Hospital Center and Beth Israel Medical Center in New York, NY.

Dr. Silverberg's clinical subspecialty is inflammatory skin disease, particularly atopic and contact dermatitis. His research interests include dermato-epidemiology, health services research, patient-reported outcomes, comorbidities and burden of inflammatory skin disease and evidence-based dermatology. His publications include over 200 peer-reviewed articles, abstracts, books and book chapters. He has been a local and/or national principal investigator for numerous clinical trials for novel treatments in atopic dermatitis and other inflammatory disorders. He received the inaugural Rajka Award from the International Society for Atopic Dermatitis in 2014.

## AFTERNOON OPTIONAL ACTIVITIES

**12:40 pm SHARP!\***

**Boston Red Sox Game at Fenway Park**

MEET IN HOTEL LOBBY  
AT 12:40 PM SHARP!

**"Boston Red Sox vs Toronto Blue Jays"**

**Members, Spouses and Guests**

**ADVANCE REGISTRATION AND PAYMENT REQUIRED - \$70.00 PER PERSON**

Fenway Park is the oldest and one of America's most beloved ballparks in Major League Baseball.

We will depart the hotel lobby at 12:40 pm to walk in a group to the stadium. Alternatively, you may take a taxi or Uber. It is a five minute taxi ride, traffic permitting. The game begins at 1:35 pm and typically lasts about three hours.

The ADA has reserved a block of 106 grandstand seats for our members and guests. These seats are in the shade and near many food options, such as the Ketel One Bar, Tasty Burger, and concession stands for hot dogs, popcorn, peanuts, Cracker Jack, etc.

## ACTIVITIES FOR REGISTERED SPOUSES/GUESTS

*ADA members will be attending meetings from 7:00 am until 12:25 pm*

**7:00 am – 1:10 pm**

**Registration**

BALLROOM FOYER

**8:00 am – 10:00 am**

**Continental Breakfast for Registered Spouses/Guests**

COPLEY ROOM

At 9:00 am, join us as we welcome our new members' spouses and guests.  
At 9:30 am, the Hotel Concierge will familiarize us with the resort  
and acquaint us with the Boston area.

**11:15 am – 1:20 pm**      **FRIDAY, SECOND SCIENTIFIC SESSION**      GRAND BALLROOM

**11:15 am – 1:20 pm**      **HEALTH POLICY SESSION I: THE HOUSE OF MEDICINE**  
**Special Joint Session for ADA Members, Spouses and Guests**

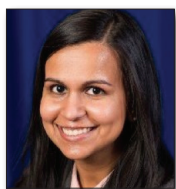

**11:15 am**      **Healthcare in the 21st Century**  
*Kathleen Sebelius, MPA*  
*Introduction by David Cohen, MD, President*

Kathleen Sebelius is one of America's foremost experts on national and global health issues, human services, and executive leadership. As CEO of Sebelius Resources LLC, she provides strategic advice to companies, investors, and non-profit organizations. Sebelius serves on the Board of Directors of Dermira, Grand Rounds, Hampton Creek, Humacyte, the Kaiser Family Foundation, and Myovant Sciences. She co-chairs the Aspen Institute Health Strategy Group and serves on advisory boards for the Dole Institute of Politics, Solera Health, Out Leadership, and the Estée Lauder Foundation. From April 2009 through June 2014, Sebelius served in President Barack Obama's cabinet as the 21st Secretary of the Department of Health and Human Services, where, she worked to pass and implement the Affordable Care Act. At HHS, Sebelius managed 11 operating agencies, 90,000 employees in 50 countries, and a \$1 trillion budget. Forbes named Sebelius one of the 100 most powerful women in the world. Having served as Governor of Kansas from 2003 to 2009, Sebelius is the only daughter of a governor to be elected governor in American history; her late father, John Gilligan, was Governor of Ohio. *Time* magazine named her one of America's Top Five Governors. Previous elected offices include two terms as the Kansas insurance commissioner and four terms in the Kansas Legislature. Sebelius earned a Master of Public Administration degree from the University of Kansas and a Bachelor of Arts degree from Trinity Washington University. She is married to Gary Sebelius, a federal magistrate judge. They have two married sons, Ned and John, and two grandsons, George and Hugh.

**11:40 am**      **Q & A**

**11:55 am**      **Changing Landscape of Compounding Regulations**  
*Natasha Pattanshetti, JD, MPH*  
*Introduction by Jeffrey Callen, MD*

Natasha Pattanshetti is the Manager of Regulatory Policy with the American Academy of Dermatology Association in the Washington, DC office. Her work focuses on federal regulatory actions affecting the practice of dermatology and advocacy in the interest of dermatologists and their patients. She is a graduate of the Case Western Reserve University School of Law and has a Master of Public Health from the Case Western Reserve University School of Medicine. She enjoys watching college football, especially her alma mater, the University of Michigan, and playing with her rescue dog Belle.

**12:35 pm**      **From Institute of Medicine to National Academy of Medicine:  
Serving as a Trusted Advisor to Health and Medicine**      GRAND BALLROOM  
*Victor Dzau, MD*  
*Introduction by Eugene Bauer, MD*

Victor Joseph Dzau, MD, is President of the National Academy of Medicine. Born in Shanghai and reared in Hong Kong, he is an internationally acclaimed leader and scientist whose work has improved health care in the United States and globally. Under his direction, the National Academy of Medicine/Institute of Medicine advances research and improves health by providing objective, evidence-based guidance on critical issues. His foresight in translation of research into diagnostic methods, medicines, and creative solutions for human health issues is a great asset to the Academies and to the public at large. His own research laid the foundation for development of angiotensin-converting-enzyme (ACE) inhibitors, used globally to treat high blood pressure and congestive heart failure. He pioneered gene therapy for vascular disease and was the first to introduce DNA decoy molecules to block transcription as gene therapy in humans. He is a member of the board of directors of the Singapore Health Services, a former member of the Advisory Committees to the Director of U.S. National Institutes of Health and the International Review Board of the Canadian Institute for Health Research. He chaired NIH's Cardiovascular Disease Advisory Committee and is past chair of the Association of Academic Health Centers. In 2011, Dzau led a partnership among Duke Medicine, the World Economic Forum, and McKinsey & Co. to establish the International Partnership for Innovative Healthcare Delivery. Prior to becoming President of the National Academy of Medicine, Dr. Dzau served as Chancellor for Health Affairs and President & CEO of Duke University Medical Center. Earlier academic appointments include serving as the Hersey Professor of the Theory and Practice of Physic (Medicine) at Harvard Medical School, Chair of Medicine and Director of Research at Brigham and Women's Hospital, and Arthur Bloomfield Professor and Chair of Medicine at Stanford University. He has received numerous awards including the Max Delbrück Medal from Humboldt University Charite and Max Planck Institute, the Gustav Nylin Medal from the Swedish Royal College of Medicine, the Polzer Prize from the European Academy of Sciences & Arts, the Ellis Island Medal of Honor, and the Distinguished Scientist Award of the American Heart Association. Dzau received his undergraduate and medical degrees from McGill University.

**1:20 pm**      **Session Adjourns**

## **AFTERNOON AT LEISURE**

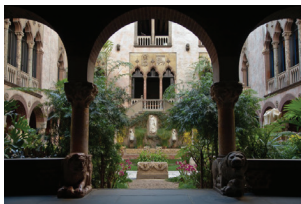

# Program

**FRIDAY, July 21, 2017** *(continued)*

## OPTIONAL ACTIVITIES FOR REGISTERED MEMBERS, SPOUSES/GUESTS (PRE-REGISTRATION AND FEE REQUIRED)

2:45 pm Sharp!

**ISABELLA STEWART GARDNER MUSEUM**  
**(Pre-Registration and Fee Required) FEE: 40.00**  
**Tour maximum - 60**

**BUS DEPARTS PROMPTLY  
AT 2:45 PM!!**

The Isabella Stewart Gardner Museum, or Fenway Court as the Museum was known during Isabella Stewart Gardner's lifetime, is located in the Fenway-Kenmore neighborhood of Boston, Massachusetts, and within walking distance of the Museum of Fine Arts and the Back Bay Fens. The Museum houses an art collection of global importance, including significant examples of European, Asian, and American art, from paintings and sculptures to tapestries and decorative arts. In 1990, thirteen of the Museum's works were stolen; the high-profile crime remains unsolved, and the missing artwork's location is still unknown.

## EVENING AT LEISURE

### ACTIVITIES FOR REGISTERED SPOUSES/GUESTS

**7:00 am – 12:40 pm**      **Registration**      **BALLROOM FOYER**

**8:00 am – 10:00 am**      **Continental Breakfast for Registered Spouses and Guests**      **COPLEY ROOM**

#### Optional Morning Activities

**10:00 am**      **Literary Discussion / Book Club**      **COPLEY ROOM**

*Book Club Co-Leaders: Doris Kraemer and Gail Gilkey*  
*Book: The Art Forger – by Barbara A. Shapiro*

This book is a fictional account of a \$500 million art heist that occurred on March 18, 1990, in Boston's Isabella Stewart Gardner Museum. A tour of this Museum is an optional excursion in the afternoon. See Afternoon Optional Activities for details.

In the early morning hours of March 18, 1990, two men, dressed as police officers, gained entry to the Isabella Stewart Gardner Art Museum by telling the guards they were responding to a disturbance call. The imposters proceeded to restrain the guards, then steal 13 works of art valued at 500 million dollars. It remains the largest unsolved art theft in history.

The Art Forger is set in Boston, about 25 years after the theft. An influential gallery owner brings one of the stolen Degas paintings to Claire, a talented young artist who paints reproductions of art masterpieces as her "day job" but longs for recognition of her own original paintings. The man offers Claire a one-woman show in his prestigious gallery in exchange for making a forgery of the Degas painting. She accepts; as she works however, she begins to suspect that the painting which she is copying is itself a forgery.

The novel is an intriguing and entertaining thriller with unexpected twists. It takes the reader into the world of art galleries and art forgeries with a parallel context of human relationships - friendship, love, and betrayal. Although the story is fiction, historical details, descriptions of art techniques, and of Boston itself are highly accurate.

**11:15 am – 1:20 pm**      **Special Joint Session for ADA Members, Spouses and Guests**      **GRAND BALLROOM**  
*Invited speakers: Kathleen Sebelius, MPA, Victor Dzau, MD,*  
*and Natasha Pattenshetti, JD, MPH*

**11:05 am**      **Harnessing the Internet of Healthy Things: How Connected Health Can Advance Dermatology**

*Joseph Kvedar, MD*

*Introduction by Hensin Tsao, MD, PhD*

Joseph C. Kvedar, MD, Vice President, Connected Health, Partners HealthCare, is creating a new model of healthcare delivery, developing innovative strategies to move care from the hospital or doctor's office into the day-to-day lives of patients. Under Dr. Kvedar's leadership, Partners Connected Health is helping providers and patients better manage chronic conditions, maintain health and wellness, and improve adherence, engagement and clinical outcomes. He is also a board certified dermatologist and Associate Professor of Dermatology at Harvard Medical School.

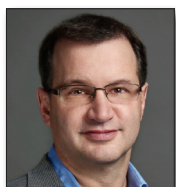

Dr. Kvedar is the author of [The Internet of Healthy Things](#) describing how everyday objects will capture and use real-time biometric data to ultimately change behavior to improve health. Dr. Kvedar is internationally recognized for his leadership and vision in the field of connected health and has authored over 100 publications on the subject. His popular cHealth Blog provides his insights and vision for connected health. He contributes to a number of publications including *the Journal of the American Academy of Dermatology*, *JAMA Dermatology* and *the Journal of Investigative Dermatology*. Dr. Kvedar is a past Chair of the American Academy of Dermatology (AAD) Task Force on Telemedicine.

**11:35 am**      **Drug/Device Discovery/Innovation Transfer - From Disclosure to Patent to License**

*Rox Anderson, MD, PhD*

**12:05 pm**      **Development of Novel Drugs for Neoplastic Diseases**

*Michael Kauffman, MD, PhD*

Michael G. Kauffman, MD, PhD, co-founded Karyopharm with Dr. Sharon Shacham in 2008 and has served as President and Chief Executive Officer since January 2011, as Chief Medical Officer since December 2012, and as a director since 2008. Prior to joining Karyopharm, he was Chief Medical Officer of Onyx Pharmaceuticals Inc., after it acquired Proteolix Inc., where he had been Chief Medical Officer since 2008. At Proteolix, Dr. Kauffman led the development of Kyprolis (carfilzomib), a novel proteasome inhibitor approved for refractory myeloma by the FDA in July 2012. Prior to joining Onyx Pharmaceuticals, Dr. Kauffman was an operating partner at Bessemer Venture Partners, where he led investments in biotechnology companies and served as President and Chief

Executive Officer of Epix Pharmaceuticals, Inc., a biopharmaceutical company that underwent liquidation proceedings in 2009. He led the merger of Predix Pharmaceuticals, a private biopharmaceutical company focused on G protein-coupled receptors (GPCR)s, and Epix Pharmaceuticals, where he oversaw the discovery and development of four new clinical candidates and led collaboration transactions with Amgen and GlaxoSmithKline. Dr. Kauffman served as Vice President, Clinical, at Millennium Pharmaceuticals, Inc., where he led the Velcade development program. Dr. Kauffman held a number of senior positions at Millennium Predictive Medicine, Inc., where he led the discovery and development of novel molecular diagnostics for major cancers (including melanoma) and led transactions with Becton-Dickenson and Bristol Myers Squibb. Early in his career, Dr. Kauffman led the clinical development of anti-CD40L antibodies in autoimmune and inflammatory diseases at Biogen Idec, Inc. and acted as the main medical advisor to the Biogen business development group. Dr. Kauffman currently serves on the board of directors and compensation committee of Verastem, Inc., a public biopharmaceutical company, and on the board of directors and the compensation committee of Metamark Genetics, Inc., a private molecular diagnostics company. Dr. Kauffman received his B.A. in Biochemistry from Amherst College, his M.D. and Ph.D. from Johns Hopkins Medical School, and trained in internal medicine and rheumatology at Beth Israel (now Beth Israel Deaconess Medical Center) and Massachusetts General Hospitals. He is board certified in internal medicine.

## The Boston Public Library

Located just across the street from Fairmont Copley Plaza is the Boston Public Library, one of the largest public libraries in the nation. Established in 1848, Boston Public Library was the first publicly supported municipal library in America, the first public library to lend a book, the first to have a branch library and the first to have a children's room. All of the Boston Public Library's programs and exhibits are free and open to the public.

## The Freedom Trail

Follow the red brick road of the Freedom Trail past 16 sites that mark Boston's colonial history and role in the start of the Revolutionary War. Favorite sightseeing stops include Paul Revere's House and the Old North Church where the lanterns were hung, sending Revere on his midnight ride. Preserved and dedicated by the citizens of the city in 1958, when the wrecking ball threatened, the Boston Freedom Trail today is a unique collection of museums, churches, meeting houses, burying grounds, parks, a ship, and historic markers that tell the story of the American Revolution and beyond. Freedom Trail audio tour tickets can be purchased through the Concierge. While you're at the Old North Church, visit Captain Jackson's Colonial Chocolate Shop, where costumed store clerks demonstrate how chocolate was produced in the 18th century. It's a fun interactive way to learn about Revolutionary War history!

## Urban Adventours

Explore Boston's hidden treasures with Urban Adventours. The bike tours take you to some of Boston's wonderful waterways, beautiful historic monuments, through the North End and up with Fenway Park. Discover classic neighborhoods like Beacon Hill and the South End and ride your way along the Charles River.

## Boston Common

America's first public park, Boston Common offers guests more than 50 acres of outdoor adventures. From picnics to ice skating, The Common's unique attractions and historic past make it a must-see on any vacation. Just a short walk from Fairmont Copley Plaza Hotel and across Charles Street from the Public Garden, Boston Common marks the official start of the Freedom Trail. Visitors can see the grounds where British troops camped prior to the Revolution and staged their journey to face colonial resistance at Lexington and Concord in April, 1775. Many might know of Boston Common's greatest attraction, the Boston Common Frog Pond. Throughout the year, the Frog Pond transforms to reflect the season. In the summer months, children flock from all over to cool off from Boston's grueling temperatures. In the winter, the Pond becomes an enchanting place to ice skate.

## Boston Public Garden

Visit this picturesque park and the bronze statues of the Mallard family, the ducks made famous in Robert McCloskey's children's classic, *Make Way for Ducklings*.

## The New England Aquarium

At The New England Aquarium, just a 20 minute walk from Fairmont Copley Plaza, guests can explore the world beneath the sea. With 7,000 animals, interactive exhibits and more, the New England

Aquarium offers kids of all ages an unforgettable experience. The New England Aquarium is one of the most prominent and popular public aquariums in the United States. Founded in 1969 on Boston's waterfront, the New England Aquarium is considered one of the first modern public aquariums and is credited with revolutionizing the modern aquarium experience for visitors through its emphasis on a more natural setting for aquatic life. The four story giant ocean tank contains a re-created coral reef and is home to sharks, turtles and moray eels. If the large tanks aren't up close and personal enough for you, then the New England Aquarium Whale Watch is the thing to do! The tour runs from April through October, and tickets can be bought through the Concierge.

## Prudential Center SkyWalk

Enjoy sweeping, panoramic views from the Prudential Center SkyWalk. Rising 50 floors above the ground at the Prudential Tower this one-of-a-kind attraction offer the city's only high-rise vantage point just minutes from Fairmont Copley Plaza hotel. If you can't get enough of the breathtaking view, the Prudential Center Skywalk can be rented out for private functions. Looking for more to do after enjoying the sights? The Prudential Center is full of great shops and restaurants that will keep you busy for hours.

## Old Town Trolley Tours

Experience Boston on board a fully narrated Old Town Trolley tour, which provides a fun and engaging mix of entertainment and trivia. With easy boarding and re-boarding, Old Town Trolley tours allow you to enjoy all that Boston has to offer at your leisure. Old Town Trolley tickets may be purchased at the Concierge Desk in the main lobby of Fairmont Copley Plaza.

## Boston Duck Tours

You've never experienced a tour like this! The fun begins as soon as you board your "DUCK," a W.W.II style amphibious landing vehicle. You'll be greeted by one of the legendary Boston Duck Tours ConDUCKtors, who will be narrating your tour. Then, you're off! You'll cruise by all the places that make Boston the birthplace of freedom and a city of firsts, from the golden-domed State House to Bunker Hill and TD Garden; Boston Common and Copley Square; Government Center to fashionable Newbury Street; Quincy Market to the Prudential Tower, and more. As the best of Boston unfolds before your eyes, your ConDUCKtor will be giving you lots of little known facts and interesting insights about our unique and wonderful city. Just when you think you've seen it all, there's more. It's time for "Splashdown" as your ConDUCKtor splashes your DUCK right into the Charles River for a breathtaking view of the Boston and Cambridge skylines, the kind of view you just won't get anywhere else.

## Swan Boats

The Swan Boats are a fleet of dual-pontooned boats which operate in a pond in the Public Garden in Boston, Massachusetts. The Swan Boats have been in operation since 1877 and have since become a cultural icon for the city.

For additional information on any of these Boston attractions or sites, please visit the Concierge Desk in the lobby.

# General Information

## Welcome to Fairmont Copley Plaza

### HOTEL INFORMATION

#### FAIRMONT COPLEY PLAZA

138 St. James Avenue  
Boston, MA 02116  
Phone 617 267 5300  
boston@fairmont.com

### Luxury and History in Downtown Boston

Fairmont Copley Plaza, a luxury downtown Boston landmark hotel, has been a symbol of the city's rich history and elegance since its gala opening in 1912.

Centrally located in Boston's historic Back Bay, Fairmont Copley Plaza sits steps away from shopping on Newbury Street, historic attractions on the Freedom Trail, relaxing in Boston Common, dining on the waterfront, or enjoying a Red Sox game at Fenway Park—there's something for everyone.

The hotel offers lavish guest rooms and elegant suites. Every room has a modern look, while keeping the downtown hotel's rich history and Back Bay location in mind.

In addition to 24-hour daily in-room dining service, the hotel is home to one of the hottest drinking and dining destinations in the city, OAK Long Bar + Kitchen.

## MEETING REGISTRATION

The Board of Directors has established an Annual Meeting early registration fee of \$645.00 and a spouse/guest fee of \$445.00 for members registered by June 1, 2017. Children's registration fee is \$200.00 which includes opening reception and breakfasts only. Children will be given a badge to identify that they are part of the group.

A physician spouse/partner who accompanies the physician and who would like CME Credit must attend the educational session and pay the member registration fee of \$645.00.

Registrations received on or after June 1, 2017 are increased to \$795.00 for members and \$595.00 for spouse/guests.

Registration for members includes admission to all general and executive sessions, daily breakfasts, opening reception, joint sessions and Saturday's President's Dinner. If you wish to register a spouse/guest, please indicate his/her name on the advance registration form. The spouse/guest registration entitles admittance to the spouse/guest breakfasts, opening reception, Literary Discussion, joint sessions with members, Saturday's President's Dinner, and the farewell breakfast on Sunday.

## CANCELLATIONS & REFUNDS

Refunds, less a \$50 administrative fee, will be refunded upon written notice of cancellation. In order to qualify for a refund of fees, cancellation notice must be received in writing to the headquarters office no later than July 1, 2017. According to standing policy, reaffirmed by the Board of Directors on February 3, 2011, there will be no refunds after the July 1, 2017, cut-off date. Please note: there is no provision for partial registration fees or refunds for activities not attended.

## ACCREDITATION

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Eastern Virginia Medical School and The American Dermatological Association. Eastern Virginia Medical School is accredited by the ACCME to provide continuing medical education for physicians.

## CREDIT DESIGNATION

Eastern Virginia Medical School designates this live activity for a maximum of 13 *AMA PRA Category 1 Credits*<sup>™</sup>. Physicians should only claim credit commensurate with the extent of their participation in the activity.

## DISCLOSURE OF CONFLICT OF INTEREST

Members and guests are reminded that conflict of interest disclosure is required of all speakers and participants.

## BYLAWS ARTICLE III, SECTION 4(B.1)

If any Active Member shall fail to attend at least one (1) Annual Meeting out of any three (3) consecutive Annual Meetings without an excuse acceptable by the Board of Directors, such member's membership shall terminate upon presentation by the Secretary to the Board of Directors of a report of such failure. This report shall be presented to the Board of Directors at their next meeting following the Annual Meeting, at which the delinquency becomes complete and such member or members shall be notified by mail of the termination of their membership.

## ADMINISTRATIVE REGULATIONS

Attendance at the scientific programs of the annual membership meeting shall be limited to members, spouses/guests of members and guests invited by the Board of Directors.
