Innovation:
Creating the
Future of
Dermatology

HIGHLIGHTS

“The best way to predict the future is to create it” - Abraham Lincoln

The Program Committee of the ADA is pleased to present the 2024 ADA Meeting Program

INNOVATION: CREATING THE FUTURE OF DERMATOLOGY

The ADA brings together leaders in Dermatology who craft the future of our specialty. This meeting is about our Future, celebrating the innovators and how best to influence and shape our destiny.

The world is changing rapidly. We present a unique and interesting program featuring new advances and breakthrough technologies from exceptional experts. Rich Heley, who has worked as an innovator and executive at Apple, Tesla, and Meta will discuss his experiences in the innovation world with the three large companies, including AI and robotics, and their impact on Dermatology. We will explore lessons from the Military with Karen Guice MD, a surgeon and policy expert who led the health sector as Acting Assistant Secretary of Defense for Health Affairs at the Department of Defense. She is currently President of the Defense Health Board for DOD and has experience in business as well. Further, we highlight innovation in pathology moving into the digital and optical area of non-invasive diagnostics/therapeutics, at the micro-cellular level with one of the world experts and experienced innovator, Gary Tearney MD, PhD from the Wellman Center at MGH. We also have Rox Anderson MD, Director of the Wellman Center at MGH, leading a session on Innovation at its Creative Best as he is a true innovator as recognized by being inducted into the National Inventors Hall of Fame. Additionally, we present sessions led by nationally recognized experts such as Exciting New Innovations in Wound Healing led by Robert Kirsner MD, PhD, What's Hot & What's Not in Therapeutics led by Neal Bhatia MD, and Aesthetic and Surgical Innovations and Pearls in multiple areas led by Seth Matarasso MD.

As innovation requires funding, advanced development, commercialization, partners, and the need to reach our patients, relevant sessions will be led by Doug Given MD, PhD, MBA and Ranch C. Kimball who will highlight how to transform an idea into reality. No innovation is too crazy, and we will hear an interesting talk on The Future Role for Mushrooms in Medicine by Paul Stamets. All sessions will have interactive panels pulling this all together with time for discussion and Q & A by the membership.

Combining education and entertainment is fun, and we will present a unique Interactive Mock Trial led by Abel Torres MD, JD, and Whitney High MD, JD and their team of ADA/JD members, with Marcus Williams JD, serving as Judge (he is a real judge) - with the ADA audience serving as Jury with vote. David Miller MD, PhD will receive the Young Leadership Award and will address Advances in the Peri-operative Management of SCC. Presentations on advances in pigment disorders, pediatric pearls, new innovations in very old materials and rapid-fire talks by our newest members will be included.

Of special interest are talks by Alexa Kimball MD, MPH, about skills leaders in dermatology will need in the future and another by Murad Alam MD, about the future needs, activities, and direction of the ADA. There will also be an open forum discussion that afternoon.

Don't miss the ADA President's Medal Lifetime Achievement Award being presented to Wilma Bergfeld by ADA President Ken Tomecki. This year our Journal Updates & Sister Societies highlight the 1-2 most interesting articles/activities from this year and one futuristic article they wish they had received or future activity they want to accomplish. This year's President's dinner planned by Ken Tomecki MD, ADA President is not to be missed! And enjoy the social program planned by the executive committee and staff.

So come, learn, innovate, and enjoy time with colleagues and friends.

EVENTS

Special Events

- **Wednesday evening**, catch up with your friends over a glass a wine while enjoying great food at our Opening Reception while enjoying the sounds of the Seattle Symphony's own John Green on bass and Chuck Easton on guitar.
- **Thursday afternoon**, please join Murad Alam and the ADA's Envisioning Committee Thursday afternoon for a conversation about the future of the ADA. Our organization and the field of dermatology are changing. The ADA is committed to advocating for our patients and specialty by partnering with our sister societies and by creating an environment that fosters collaboration, innovation, and best practices. Please join us for this important opportunity to impact the ADA and dermatology.
- **Thursday evening**, we invite you to a special wine and cheese reception to honor our newest members and their spouses. Join us as we welcome them and introduce them to our membership.
- **Friday afternoon**, Game Room open 1:00 - 6:00 pm. A new event this year will include games, cards, and conversation with light refreshments. Take this opportunity to socialize, make new friends, and have fun. Led by Jean Bolognia with the outstanding team of Kavita Mariwalla and Mona Gohara. **Open to all.** **"Stay tuned for additional game room hours to enjoy with your friends and colleagues".**
- **Saturday afternoon**, back by popular demand, Jeff and Susan Callen will host a discussion of the favorite movies, books, tv shows, actors and authors of 2023-2024.
- **Saturday night's President's Culinary Dinner**, presented in the style of the Confrerie de la Chaine des Rotisseurs and accompanied by the award winning wines of the Chateau Ste. Michelle Winery will make this a truly memorable experience. Brian Pusztai, Executive Chef along with a skilled sommelier from the Chateau Ste. Michelle Winery will guide us through this gourmet experience while a string quartet from the Seattle Symphony provides an enchanting backdrop.

Activities & Tours

- **Thursday morning**, a unique Seattle experience awaits the spouses and guests at our hotel. A Starbucks Roastery expert barista will educate us about Starbucks and it's famous Seattle Roastery. We will enjoy coffee tastings and will learn to identify the layered flavors and aromas of Starbucks Reserve coffee which is only available at six Starbucks in the world!
- **Thursday afternoon**, a tour of Seattle, The Emerald City, will be held. Our first stop is Seattle's original settlement, Pioneer Square. We will then head for the fascinating Hiram M. Chittenden Lock and fish ladders. Following the lock, the coach will embark on a scenic drive as we learn about interesting stories of life as we head toward our final stop, the world famous Pike Marketplace.
- **Friday afternoon**, a tour is offered to the world's largest factory, the Boeing Everett Factory with it's 777 assembly line. This guided tour provides a front row view of airplane production. We will also explore Boeing's newest, high-tech facility, the Future of Flight Aviation Center. This 73,000-square-foot center is a unique, interpretive facility designed to showcase the phenomenon of commercial jet.

144TH ANNUAL MEETING Program

WEDNESDAY, OCTOBER 23, 2024

4:00 pm – 6:30 pm	REGISTRATION
6:00 pm – 8:00 pm	OPENING RECEPTION

THURSDAY, OCTOBER 24, 2024

6:30 am – 12:45 pm	REGISTRATION
6:30 am – 7:30 am	BREAKFAST FOR ADA MEMBERS
8:00 am – 10:00 am	BREAKFAST FOR REGISTERED SPOUSES/GUESTS
7:30 am – 8:25 am	FIRST EXECUTIVE SESSION
7:30 am – 7:35 am	Opening Remarks <i>Ken Tomecki MD, ADA President</i> <i>Tom Helm MD, Secretary-Treasurer</i>
7:35 am – 7:50 am	Induction of New Members <i>Ken Tomecki MD, ADA President</i>
7:50 am – 7:55 am	Election of Officers and Directors <i>Tom Helm MD, Secretary-Treasurer</i>
7:55 am – 8:15 am	In Memoriam <i>Presented by David Pariser MD, Historian</i>
8:15 am – 12:45 pm	THURSDAY SCIENTIFIC SESSION
8:15 am – 8:20 am	Introduction of the Program Committee and Overview of the Program <i>Lynn Drake MD, 2024 Program Chair</i> <i>Alexa Kimball MD</i> <i>Robert Kirsner MD, PhD</i> <i>Neal Bhatia MD</i>
8:20 am – 8:55 am	Welcoming our Newest Members – Introductory Talks <i>Moderator: Tom Helm MD, Secretary-Treasurer</i> Dermopath Signs <i>Max Fung MD</i> Non-Invasive Diagnosis <i>Sumaira Aasi MD</i> Novel Advances in Dermatomyositis <i>Anthony Fernandez MD, PhD</i> The Role of Dermatologists in Recognizing and Advocating For Those Affected by Human Trafficking <i>Shadi Kourosh MD</i> Service in Dermatology: Making Impact Beyond the Clinic <i>Nada Elbuluk MD, MSC</i> The Value of Mentorship <i>Mona Gohara MD</i> Overcoming Resistance and Leading Change - A Story of Mohs for Melanoma at Penn <i>Christopher Miller MD</i>

144TH ANNUAL MEETING Program

THURSDAY, October 24, 2024 (continued)

8:55 am – 9:30 am

Young Leadership Receipt Award

Introduction by: Lynn Drake MD

Advances in the Peri-operative Management of SCC

Guest Speaker: David Miller MD, PhD, FAAD

*Physician Investigator Cancer Center, Massachusetts General Research Institute;
Assistant Professor of Dermatology and Medicine, Harvard Medical School*

David M. Miller MD, PhD, FAAD, Assistant Professor in Dermatology and Medicine at Harvard Medical School and member of the Department of Dermatology and the Department of Medicine at Massachusetts General Hospital, where he is director of the Center for Merkel cell carcinoma and co-director of the non-melanoma skin cancer multi-disciplinary clinic. Dr. Miller received his medical (MD) and PhD degree in Biomedical Sciences from the University of Massachusetts. While at UMass, Dr. Miller received the American Diabetes Association Physician-Scientist Training Award for three consecutive years, a Fuller Foundation grant, was inducted into the Alpha Omega Honor Society. He then completed a Dermatology residency at Columbia University Medical Center, followed by a residency in Internal Medicine at Brigham and Women's Hospital. Following both residencies, Dr. Miller completed fellowship training in Hematology/Oncology at Beth Israel Deaconess Medical Center and at the U.S. Food and Drug Administration. Dr. Miller has authored over 50 peer-reviewed publications and has delivered over 100 national and international presentations. He is the Editor-in-Chief of the Journal of Cutaneous Oncology and co-founder of the Society of Cutaneous Oncology. He is also a reviewer for several journals, including the New England Journal of Medicine, Journal of the American Academy of Dermatology, and JAMA Dermatology, among others. Dr. Miller's research is primarily focused on developing innovative treatments for advanced skin cancers. His work has garnered over one million dollars in funding from diverse sources, including the National Institutes of Health, the American Skin Association, ECOG-ACRIN, and Project Data Sphere.

144TH ANNUAL MEETING Program

THURSDAY, OCTOBER 24, 2024 (continued)

9:30 am – 11:00 am

Convergence in Court: A Mock Trial of Riveting Medical-Legal Topics

An audience response interactive medicolegal session

Moderator: Abel Torres MD, JD and Whitney High MD, JD

Medical-Legal Lessons learned will take the audience on a journey that provides:

- An overview of the elements required for malpractice followed by:
- Discussion of an actual case with a review of what really happens/happened early in a case followed by:
- A mock deposition and subsequent courtroom realities where an actual judge will weigh in followed by:
- Presentation of final summaries and audience participation voting as the jury and ending with the actual result of the trial and a review of the next steps as it relates to the judgement, appeals and or post trial settlement.

Attorneys: *Matthew Avram MD, JD; Clay Cockerell MD, JD; Whitney High MD, JD; Abel Torres MD, JD*

Judge: *The Honorable Marcus D. Williams, JD, Circuit Court Judge (Ret.)*

Jury: *Interactive Audience: The Jury with Vote*

Invited Guest: *The Honorable Marcus D. Williams*

A judge, attorney, educator, and musician, Marcus D. Williams served more than twenty-five years as a district and circuit court judge in Fairfax County, Virginia. He has presided over criminal cases involving murder, drug distribution, robbery, embezzlement, and larceny, as well as civil cases including medical malpractice, products liability, domestic relations, and commercial litigation.

Since retiring in 2012, Judge Williams continues to sit as a designated judge, has taught advanced English and western culture to students in Yangshuo, China, and has lectured on trial advocacy, international commercial arbitration, and public corruption, at various universities in Ukraine, Moldova, and Romania, and at the National Institute of Justice, Chisnau, Moldova. He is a mediator and arbitrator for Juridical Solutions PLC.

As a musician, Judge Williams has recorded albums and plays a mix of jazz, Latin, and rhythm and blues. He plays guitar, bass, keyboards, and saxophone. He has performed in Washington, D.C., Quebec City, London, Paris, Amsterdam, Tokyo, Bangkok, Saigon, and Yangshuo, among many other venues. Judge Williams has received awards and recognition including induction into the Virginia Lawyers Hall of Fame (2023), and Strong Men & Women in Virginia History (2020).

11:00 am – 11:20 am

MEMBER BREAK

144TH ANNUAL MEETING Program

THURSDAY, OCTOBER 24, 2024 (continued)

11:20 am – 11:45 am	Therapeutics – What’s Hot and What’s Not <i>Neal Bhatia MD</i>
11:45 am – 12:10 pm	Pigment Panel – The Latest and Greatest <i>Moderator: Neal Bhatia MD</i> <i>Panel Members: Pearl Grimes MD; Seemal Desai MD; Sandy Tsao MD; Susan Taylor MD; Valerie Callender MD</i>
12:10 pm – 12:25 pm	AAD Update <i>Speaker: Seemal Desai MD</i>
12:25 pm – 12:45 pm	Glistening Pediatric Pearls <i>Amy Paller MD</i>
12:45 pm	SESSION ADJOURNS
12:45 pm – 2:15 pm	Board of Directors Meeting
2:15 pm – 3:45 pm	Open Forum - Charting a Course for The ADA and Dermatology <i>Led by Murad Alam MD and the Envisioning Committee</i> Murad Alam and the ADA’s Envisioning Committee invite you to join in a conversation about the future of the ADA. Our organization and the field of dermatology are changing. The ADA is committed to advocating for our patients and specialty by partnering with our sister societies and by creating an environment that fosters collaboration, innovation, and best practices. Please join us for this important opportunity to impact the ADA and dermatology. We need your help in re-evaluating our goals and mission.

OPTIONAL MORNING ACTIVITY FOR REGISTERED SPOUSES / GUESTS

10:30 am – 11:30 am **Immerse Yourself in Coffee Culture: “Starbucks Roastery’s Barista Guided Experience” (On-site)** *Pre-registration and fee required*
FEE: \$55.00

A Starbucks Roastery barista expert will meet with us at our hotel and educate us about Starbucks and it’s famous Roastery. The Seattle Roastery is the largest Starbucks in the world and is only one of six where you can taste Reserve Roastery coffee. We will enjoy coffee tastings and will learn to identify the layered flavors and aromas of Starbucks Reserve Roastery® coffee.

144TH ANNUAL MEETING Program

THURSDAY, OCTOBER 24, 2024 (continued)

AFTERNOON SESSION – ALL MEMBERS WELCOME AND ENCOURAGED TO PARTICIPATE

2:15 pm – 3:45 pm

OPEN FORUM – Charting a Course for the ADA and Dermatology

Led by Murad Alam MD and the Envisioning Committee

Murad Alam and the ADA's Envisioning Committee invite you to join in a conversation about the future of the ADA. Our organization and the field of dermatology are changing. The ADA is committed to advocating for our patients and specialty by partnering with our sister societies and by creating an environment that fosters collaboration, innovation, and best practices. Please join us for this important opportunity to impact the ADA and dermatology. We need your help in re-evaluating our goals and mission.

OPTIONAL AFTERNOON ACTIVITY

1:30 pm – 5:00 pm

Emerald City Tour *Pre-registration and fee required.*

FEE: \$120.00

The Emerald City tour begins with a drive through downtown to Seattle's International District arriving in Seattle's original settlement, Pioneer Square. The history of Seattle reads like a funky fairy tale on the brick facades of these hallowed blocks. Through a gold rush, the Great Seattle Fire, and too many re-births to count, Pioneer Square has remained at the heart of Seattle's identity. Next, you will drive along Seattle's bustling Elliott Bay waterfront while viewing the busy maritime activities along Puget Sound.

The next fascinating stop is the Hiram M. Chittenden Lock. We will explore the grounds and watch the boats traverse the lock and learn how it makes it possible for them to travel between two bodies of water at different heights. Viewing panels will allow us to watch the fish ladders, another highlight of this stop, built to allow salmon to pass.

Following the lock, the coach will embark on a scenic drive including Seattle's most famous landmark, the Space Needle as we hear interesting stories of life in Seattle.

The world famous Pike Market Place, a celebrated treasure for tourist and locals alike for the last 112 years is our final stop before our return to the hotel.

EVENING ACTIVITY FOR ALL MEMBERS AND REGISTERED SPOUSES/GUESTS

5:30 pm – 7:30 pm

Wine & Cheese Reception Honoring New Members and Spouses/Guests

Attire: Casual

DINNER AT LEISURE

144TH ANNUAL MEETING Program

FRIDAY, OCTOBER 25, 2024

6:45 am – 12:45 pm

REGISTRATION

6:30 am – 7:30 am

BREAKFAST FOR ADA MEMBERS

8:00 am – 10:00 am

BREAKFAST FOR REGISTERED SPOUSES/ GUESTS

7:30 am – 12:35 pm

FRIDAY SCIENTIFIC SESSION

7:30 am – 7:55 am

Welcoming our Newest Members – Introductory Talks

Moderator: Tom Helm MD, Secretary-Treasurer

What's New in Cutaneous Lupus Erythematosus

Benjamin Chong MD

The Genetic Predisposition and the Subsequent Personalized Clinical Management of Patients With Chronic Venous Disease

Veronika Slonkova MD

Arsenic Skin Carcinogenesis and Its Immune Interaction

Chien-Hui (Kathy) Hong MD, PhD

Niroshana Anandasabapathy MD, PhD

7:55 am – 12:30 pm

INNOVATION SESSION

Introductions and Moderator: Lynn Drake MD

8:05 am – 9:00 am

Innovation at A Creative Best – R. Rox Anderson MD

Director, Wellman Center, MGH/Harvard Medical School

Rox Anderson MD, is the Director of the Wellman Center, a prolific Thematic Research Center at MGH/HMS and the birthplace of many innovations used around the world with a robust pipeline of new capabilities. Dr. Anderson has over 80 issued patents and was recently inducted into the US Patent Office Hall of Fame. His innovations include non-scarring laser treatments in dermatology for birthmarks, vascular and pigmented lesions, scar remodeling, aging skin rejuvenation, hair removal, and more.

He also contributed to treatments for vocal cords, kidney stones, glaucoma, heart disease, photodynamic therapy for cancer and acne, as well as optical diagnostics including the first confocal microscope for human use. Dr. Anderson has advanced the basic knowledge of human skin photobiology, drug photosensitization mechanisms, tissue optics, and laser-tissue interactions. He recently discovered and developed cryolipolysis, a treatment using cold to induce permanent selective loss of fat, a non-opioid treatment of pain, and a new treatment for sleep apnea.

Problems
Worth
Solving

Wellman Center R&D

144TH ANNUAL MEETING Program

FRIDAY, OCTOBER 25, 2024 (continued)

9:00 am – 9:35 am

Health Care Digital Revolution and Digital Strategy/AI

Guest Speaker - Rich Heley, Engineer and Executive at Apple, Tesla, and Meta

Rich Heley is an engineering executive with over 20 years of leadership experience working across Apple, Tesla, and Meta. He is an inventor and holder of more than 50 US patents including some of the earliest Apple iPhone designs where he was the Director of Manufacturing Design. At Tesla he worked directly for Elon Musk leading multiple engineering organizations and leading all products at the company. At Meta he was one of the founding employees of Building 8, a secretive research lab developing innovative hardware products and creating the Concept Engineering Organization.

9:35 am – 9:55 am

MEMBER BREAK

9:55 am – 10:45 am

Pathology Advances and Digital Imaging

Guest Speaker: Gary Tearney MD, PhD, FACC, FCAP, FNAI

Endowed Professor of Pathology at Harvard and Lab Unit Director at the Wellman Center

Gary Tearney is the Remondi Family Endowed MGH Research Institute Chair, Professor of Pathology at Harvard Medical School, an Affiliate Faculty member of the Harvard-MIT Division of Health Sciences and Technology (HST) and leads his 80+ person lab at the Wellman Center for Photomedicine at Massachusetts General Hospital. His specific research interests are focused on the development and clinical validation of non-invasive, high-resolution optical imaging methods for human disease diagnosis. Dr. Tearney's lab was the first to perform human imaging in the coronary arteries and gastrointestinal tract in vivo with Optical Coherence Tomography (OCT), which provides cross-sectional images of tissue architectural microstructure at a resolution of 10 μm . He has also conducted many of the seminal studies validating OCT – and is considered an expert on OCT image interpretation. Among other technologies, Dr. Tearney's lab recently invented a next generation OCT technology, termed μOCT , which has a resolution of 1 μm and is capable of imaging cells and subcellular structures in the body. His work extends beyond his laboratory at MGH, as many of his technologies are being produced commercially.

10:45 am – 11:05 am

Panel Discussion with the Audience on Innovation (Open Q & A)

Panel Members: Rox Anderson MD; Rich Heley; Gary Tearney MD, PhD

11:05 am – 12:10 pm

FUTURE OF DERMATOLOGY SESSION

11:05 am – 11:30 am

Future of Dermatology – What Skills Leaders in Dermatology Will Need in the Future

Alexa Kimball MD

11:30 am – 11:55 am

The Future of Position Papers, Practice Guidelines, and Population Health: Broadcasting to the House of Medicine

Murad Alam MD

11:55 am – 12:10 pm

Discussion with Alexa Kimball MD and Murad Alam MD

144TH ANNUAL MEETING Program

FRIDAY, OCTOBER 25, 2024 (continued)

12:10 pm – 12:35 pm

The Future Role for Mushrooms in Medicine

Guest Speaker: Paul Stamets, Mycologist

Paul Stamets has been a mycologist for 40 years and is the author of seven books. He is an invention ambassador for the American Association for the Advancement of Science and was inducted into The Explorer's Club in 2020. He has received numerous awards, including the National Mycologist Award from the North American Mycological Association, the Gordon and Tina Wasson Award from the Mycological Society of America, and the Disruptor Award from NextMed. In May 2024, Paul received the Lifetime Achievement Award from the Synbiobeta community. Paul believes the old growth forests contain a deep reservoir of species essential for pandemic defense. His contributions include supplying several clinical studies showing immune support with mushroom mycelium. He is a collaborator with numerous scientific organizations and research institutes. His work has entered the mainstream of popular culture: In the new Star Trek: Discovery series on CBS, the science officer is portrayed by an astromycologist, Lt. Commander Paul Stamets. His work with mycelium has become a central theme of this series. In addition, he is the primary guide to the incredible mushroom documentary Fantastic Fungi, which first appeared in theaters in fall 2019, with a 100% rating on Rotten Tomatoes. He has named four new species of psilocybin mushrooms, and a new species of mushrooms has recently been named after him: *Psilocybe stametsii*. His new book on psilocybin mushrooms, published by Random House/Penguin, is due out in Spring 2025.

12:35 pm

SESSION ADJOURNS

OPTIONAL AFTERNOON ACTIVITY FOR MEMBERS AND SPOUSES/GUESTS

1:00 – 6:00 pm

Game Room - Led by Jean Bolognia MD

A new event this year will include games, cards, and conversation with light refreshments. Take this opportunity to socialize, make new friends, and have fun. Led by Jean Bolognia MD with the outstanding team of Kavita Mariwalla MD and Mona Gohara MD. Open to all. **"Stay tuned** for additional game room hours to enjoy with your friends and colleagues".

1:00 – 5:00 pm

Boeing Factory Tour and The Future of Flight (Box Lunch Provided)

Pre-registration and fee required

FEE: \$185.00

Step inside the world's largest factory for a behind-the-scenes look at the Boeing Everett Factory and 777 assembly line. This guided experience with a front row view of current airplane production, the Everett site's history and the central role it plays in the future of commercial aviation. You will view airplanes being assembled while touring the Boeing Factory, including the new 777 and 787 Dreamliner. We will also explore Boeing's newest, high-tech facility, the Future of Flight Aviation Center. This 73,000-square-foot center is a unique, interpretive facility designed to showcase the phenomenon of commercial jet aviation and production. With its hands-on exhibits, videos, graphics, and interactive stations, you will have the opportunity to digitally design your own jet, try out the next generation of in-flight entertainment systems, touch the high-tech "skin" of the new Boeing 787, and learn how technology and aviation can serve to connect people and cultures across the globe.

DINNER AT LEISURE

6:30 am – 7:30 am

BREAKFAST FOR ADA MEMBERS

8:00 am – 10:00 am

BREAKFAST FOR REGISTERED SPOUSES/GUESTS

7:25 am – 1:00 pm

SATURDAY SCIENTIFIC SESSION

7:25 am – 7:40 am

Resident/Fellow Award Recipients
TBA

7:40 am – 7:45 am

INTRODUCTION TO ADVANCING INNOVATION SESSION
Moderators: Robert Kirsner MD, PhD and Lynn Drake, MD

7:45 am – 8:00 am

New Innovations - In Very Old Materials
Guest Speaker: Ranch A. Kimball, Masters Candidate in Material Sciences

Ranch A. Kimball is pursuing a Masters in materials science and will discuss developing solutions for decarbonizing some of the world's most ancient materials. Ranch recently won the Linda Kral Prize for Outstanding Accomplishments in Aerospace Engineering at Washington University.

8:00 am – 8:45 am

Advances in Military Medicine

Guest Speaker: Karen Guice MD, MPP
President, Defense (DOD) Health Board, Department of Defense; Former Acting Assistant Secretary Defense for Health Affairs, Department of Defense; Former Chief Medical Officer, Government and Public Service Sector, Ernst and Young

Karen S. Guice MD, MPP is a retired general surgeon and currently serves as the President of the Defense Health Board, an advisory committee to the Secretary of Defense. During her career, she worked for Ernst and Young's Government and Public Sector (GPS) Advisory practice, where she provided consultative services and served as the Chief Medical Officer. Prior to joining EY, Dr. Guice served as the Acting Assistant Secretary of Defense (AASD) for Health Affairs. In that role, she was the principal health advisor to the Secretary of Defense and the liaison for other offices within OSD, the Military Departments, and Congress. As the AASD, she developed strategies and priorities for the military health system, and administered the Defense Health Program's budget of over \$50 billion. Dr. Guice has been a member of the surgical faculties at the University of Texas Medical Branch at Galveston, the University of Michigan, Duke University, and the Medical College of Wisconsin.

144TH ANNUAL MEETING Program

SATURDAY, OCTOBER 26, 2024 (continued)

8:45 am – 9:45 am

INNOVATION IN WOUND HEALING SESSION

Moderator: Robert Kirsner MD, PhD

8:45 am – 9:00 am

Update on Advances in the Treatment of Pyoderma Gangrenosum

Guest Speaker: Alex G. Ortega-Loayza MD, MCR

Associate Professor of Dermatology, Oregon Health and Science University

Dr. Ortega-Loayza, a native of Lima, Peru, obtained his medical degree from Universidad Nacional Mayor de San Marcos, the oldest medical school in Latin America. He completed a research fellowship at the University of North Carolina at Chapel Hill before pursuing his internal medicine and dermatology training at Virginia Commonwealth University. Dr. Ortega is currently an Associate Professor of Dermatology at Oregon Health and Science University where he completed his Master of Clinical Research. He is particularly interested in the treatment of inflammatory skin conditions and atypical wounds. His main area of research is pyoderma gangrenosum (PG). Dr. Ortega has been granted the first independent investigator grant (R01) from the NIH to study this disease which has also opened a new research portfolio for NIAMS. He leads national and international initiatives on clinical research and outcome measures to study PG; one which is the UPGRADE (Understanding Pyoderma Gangrenosum Review of Adverse Disease Effects) initiative. He has also been one of the Cochrane Scholarship awardees of the American Academy of Dermatology, selected as one of the Mid-Career faculty award recipients by the Wound Healing Society and a recipient of the Victor Newcomer research award granted by the Pacific Dermatologic Association. He is currently the president of this organization. He has been invited to give over 50 national and international presentations, has published over 150 peer-reviewed papers (more than 70 on PG alone), is a reviewer for several dermatology, immunology and wound care journals, is one of the section editors for Dermatology (Karger), and is a member of the Editorial Board for the American Journal of Clinical Dermatology.

MEMBER BREAK

144TH ANNUAL MEETING Program

SATURDAY, OCTOBER 26, 2024 (continued)

10:00 am – 10:05 am

EXECUTION OF INNOVATION ENVIRONMENT

Introduction of Speakers: Lynn Drake MD

10:05 am – 10:30 am

A Broad-Based Experience in Innovation in Medicine

Guest Speaker: Doug Given MD, PhD, MBA

Managing Partner of Health 2047 Capital Partners

Doug Given MD, PhD, MBA, is the founder and Managing Partner of Health2047 Capital Partners (HCAP) 2018-present and was founder and Chief Executive (2015-2018) of Health2047 Inc. He is a physician-scientist, executive, serial entrepreneur, and investor whose portfolios include a dozen+ company formation startups with seed financing from Health2047 Inc. and an additional dozen+ venture investments made by HCAP. The investment themes include data, productivity, value, and chronic disease. He has been involved in venture capital in private life science companies at Bay City Capital (2000-2015) and served as CEO of three successful public biopharmaceutical companies. He has served on more than 20 public and private boards including the University of Chicago Pritzker School of Medicine, Johns Hopkins Bloomberg and TC Chan Harvard Schools of Public Health, Stanford Medicine and Stanford Institute for Economic Policy Research (SIEPR). Dr. Given received MD and PhD degrees (Virology) from the University of Chicago, an MBA from the Wharton School at the University of Pennsylvania and was a Clinical and Research Fellow in internal medicine and infectious diseases at Massachusetts General Hospital and Harvard Medical School. He has held global corporate and operating executive positions at Lilly, Monsanto, Schering Plough and Mallinckrodt.

10:30 am – 10:55 am

Innovation Places: How They Work and Why They Are Where They Are

Guest Speaker: Ranch C. Kimball

Former Secretary of Economic Development in Massachusetts, Leader, Boston Biotech Strategy, Former President of the Joslin Diabetes Center (Harvard)

Ranch C. Kimball was Secretary of Economic Development in Massachusetts. He created and led the strategy that made Cambridge and Kendall Square the largest biotech cluster in the world. He was the President of one of the Harvard research hospitals (Joslin Diabetes Center) and developer of innovation centers for some of America's biggest research universities. Of interest, he was a former semi-pro athlete, and writer/director/producer of a documentary film.

GENERAL INFORMATION

Welcome to Hyatt Regency Seattle

HOTEL INFORMATION

Hyatt Regency Seattle
808 Howell Street
Seattle, WA 98101

Web site: www.hyatt.com/hyatt-regency/en-US/sears-hyatt-regency-seattle

Located in the heart of the Emerald City, Hyatt Regency Seattle is the city's first and only LEED Gold-Certified hotel. Our downtown hotel is close to Lake Union and Elliott Bay and near Lumen Field, Pacific Place and Pike Place Market. Seattle Convention Center facilities are within walking distance, and the Link Light Rail is only two blocks away. Whether you are here for work or play, our spacious accommodations, various restaurants and bars, including a steakhouse on the second floor and an expansive fitness center make our hotel an ideal destination for anyone visiting Washington State.

HOTEL RESERVATIONS

The hotel has dedicated a booking website created specifically so our meeting attendees will be able to make, modify and cancel their hotel reservations. Additionally, you may purchase select room upgrades online.

To book online visit

<https://www.hyatt.com/en-US/group-booking/SEARS/G-HPNR>

To reserve by phone

If you need additional assistance please call 877-803-7534.

ADA ROOM BLOCK RATES (PER NIGHT)

The Hotel confirms the following guest room rates:

Single Occupancy. \$ 279.00

Double Occupancy. \$ 279.00

Triple Occupancy \$ 304.00

Quadruple Occupancy. \$ 329.00

The Guest Room Rates are quoted exclusive of any applicable taxes (which are currently 15.7%), applicable service fees (currently \$4.00 tourism fee), and/or Hotel-specific fees in effect at the time of the Event.

DINING AT THE HOTEL

Our hotel offers a range of delicious Seattle restaurants located downtown, including Italian-inspired Andare Italian Kitchen & Bar, located on the lobby level and open for breakfast, lunch, dinner and happy hour. Enjoy a perfectly seasoned and grilled steak at Daniel's Broiler, a traditional steakhouse on the hotel's second floor. Gather with friends for a signature cocktail in a speak-easy setting at Daniel's Broiler Lounge. Or visit the Market to pick up a quick bite before heading to the Seattle Convention Center for an exhibition or after a day of sightseeing. Hyatt Regency Seattle has dining options to suit every palate.

ANDARE KITCHEN & BAR

Andare Italian Kitchen & Bar combines traditional Italian flavors with fresh Seattle ingredients in a downtown setting. Enjoy wood-fired pizzas, homemade pasta or salads and signature desserts. Located on the lobby level.

MARKET

Visit our Market for a personalized espresso beverage, pastries, freshly prepared sandwiches and salads, hot entrees and more. Grab a quick bite here before heading to the Convention Center or out to explore Seattle. Located on the second floor.

DANIEL'S BROILER

Founded in 1970, Schwartz Brothers Restaurants, a premier restaurant and food service company, prides itself on developing and growing unique restaurants where a guest can expect a great meal in a distinctive atmosphere. Daniel's Broiler- Downtown Seattle, one of four restaurants in the Schwartz Brothers portfolio, offers just that. Enjoy downtown views with USDA Prime steaks— traditional steakhouse and seafood favorites and an award-winning wine list. Located on the second floor.

ROOM SERVICE

Enjoy the convenience of a locally sourced meal delivered to your guestroom, packaged to go. Food thoughtfully sourced, carefully served.

GENERAL INFORMATION

GUEST ROOM FEATURES & AMENITIES

Enjoy a sleek, modern aesthetic in a bright, open-concept room with either a sprawling king bed or two comfortable queen beds. Book a view room and enjoy sweeping views of downtown Seattle, including Washington's Lake Union or Elliott Bay. Or, if you need more space, upgrade to one of our 30 suites ranging in size from 640 – 1,800 square feet.

Please refer to the hotel website for features and amenities specific to each room type. Common amenities include:

- 65" flat-screen TV
- Individual climate control
- Hair dryer
- Coffee maker
- Minifridge
- Iron and ironing board
- In-room safe

TRANSPORTATION

Getting Here

Seattle-Tacoma International Airport (SEA)

Seattle-Tacoma International Airport is just 15 miles away

Getting Around

Westlake Station

GENERAL INFORMATION

MEETING REGISTRATION

The Board of Directors has established an Annual Meeting early registration fee of \$695.00 and a spouse/guest fee of \$495.00 for members registered by September 23, 2024. Children's registration fee is \$200.00 which includes opening reception and breakfasts only. Children will be given a badge to identify that they are part of the group. Please note that Membership Dues must be current in order to attend the meeting.

A physician spouse/partner who accompanies the physician and who would like CME Credit must attend the educational sessions and pay the member registration fee of \$695.00.

Registrations received on or after September 24, 2024 are increased to \$845.00 for members and \$645.00 for spouse/guests.

Registration for members includes admission to all general and executive sessions, daily breakfasts, opening reception, joint sessions, Thursday evening's Wine and Cheese Reception Honoring the Newest Members, Book and Movie Chat, and Saturday's President's Dinner. If you wish to register a spouse/guest, please indicate his/her name on the advance registration form. The spouse/guest registration entitles admittance to the spouse/guest breakfasts, opening reception, joint sessions with members, Thursday evening's Wine and Cheese Reception honoring our newest members, Book and Movie Chat, Saturday's President's Dinner, and the farewell breakfast on Sunday.

CANCELLATIONS & REFUNDS

Refunds, less a \$50 administrative fee, will be refunded upon written notice of cancellation. In order to qualify for a refund of fees, cancellation notice must be received in writing to the headquarters office no later than October 13, 2024. According to standing policy, reaffirmed by the Board of Directors on February 3, 2011, there will be no refunds after the October 13, 2024, cut-off date. Please note: there is no provision for partial registration fees or refunds for activities not attended.

ACCREDITATION

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Eastern Virginia Medical School and The American Dermatological Association. Eastern Virginia Medical School is accredited by the ACCME to provide continuing medical education for physicians.

CREDIT DESIGNATION

Eastern Virginia Medical School designates this live activity for a maximum of 16 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

DISCLOSURE OF RELEVANT FINANCIAL RELATIONSHIPS

Speakers and planners are reminded that disclosure of relevant financial relationships with ineligible companies is required of all speakers and planners.

BYLAWS ARTICLE III, SECTION 4(B.1)

If any Active Member shall fail to attend at least one (1) Annual Meeting out of any three (3) consecutive Annual Meetings without an excuse acceptable by the Board of Directors, such member's membership shall terminate upon presentation by the Secretary to the Board of Directors of a report of such failure. This report shall be presented to the Board of Directors at their next meeting following the Annual Meeting, at which the delinquency becomes complete and such member or members shall be notified by mail of the termination of their membership.

ADMINISTRATIVE REGULATIONS

Attendance at the scientific programs of the annual membership meeting shall be limited to members, spouses/guests of members and guests invited by the Board of Directors.
