*Celebrating 150 Years of the
American Dermatological Association*

YESTERDAY, TODAY, TOMORROW

The Ritz-Carlton, Philadelphia • October 21 – 25, 2026

2026 Program Highlights

Celebrating the ADA Sesquicentennial Yesterday, Today, and Tomorrow

A Historic Milestone

We celebrate the 150th anniversary of the American Dermatological Association with a landmark scientific meeting in Philadelphia, complemented by memorable events at the Franklin Institute, National Constitution Center, and Union League of Philadelphia. This sesquicentennial gathering honors our history while bringing together leaders, educators, and innovators to shape the future of dermatology.

Inspired by the vision outlined in Hensin Tsao's Presidential Address, the program blends reflection with forward-looking insight. From the rich history of Philadelphia to emerging topics such as artificial intelligence, the meeting highlights both the foundations and future of the specialty.

Robert Kirsner, MD, PhD

Over several days, the scientific program showcases advances in medical dermatology, skin cancer, pediatric and hospital dermatology, education, and global collaboration. A Therapeutic Hotline session will highlight cutting-edge and next-generation treatments poised to transform clinical care.

Sessions also explore the evolution of dermatologic subspecialties—including dermatopathology and aesthetics—while emphasizing leadership, professionalism, and the perspectives of journal editors and society leaders.

The meeting will honor excellence through awards and welcome new members, reflecting both tradition and renewal. As we mark 150 years of leadership and achievement, this milestone event is more than a meeting — it is an opportunity to reflect, connect, and envision the future of dermatology.

***We would like to thank our extraordinary Program Committee for helping create this fantastic program.
We look forward to welcoming you to Philadelphia for this exciting and dynamic meeting!***

Robert Kirsner, MD, PhD - ADA 2026 Program Chair

2026 Program Highlights

Celebrating the ADA Sesquicentennial Yesterday, Today, and Tomorrow

Presidential and Historical Perspectives and Great Keynotes

- Presidential Address by Hensin Tsao, MD, PhD, highlighting leadership, innovation, and the future of dermatology.
- Interactive History Quizzes woven throughout the meeting, emphasizing forgotten diseases, treatments, training programs, and member contributions.
- Innovative keynote presentations including examining the potential impact of AI on dermatology and Humanizing Drug Development.

Comprehensive Scientific Programming

A robust, fast-moving, multi-day scientific agenda with over 100 speakers, celebrating our specialty and examining how dermatology has evolved and where it is headed:

- The Changing Face of Dermatology – workforce, identity, and transformation of the specialty.
- Dermatology Education – historical foundations and innovative training models.
- International Dermatology – global perspectives and collaboration across continents.
- Therapeutic Hotline: Next-Generation Therapies – cutting-edge treatments shaping the future of patient care.
- Leadership and Professionalism in Dermatology – defining values then and now.
- Dermatology and the Public – advocacy, access, and the specialty's societal impact.
- Journal Editors Potpourri – insights from leading dermatology journal editors.
- Dermatology Societies Potpourri – collaboration, advocacy, and the future of organized dermatology.

Opportunity for Collaboration

- The Pennsylvania Academy of Dermatology invites the American Dermatological Association to collaborate on a meaningful initiative: a skin cancer screening for firefighters and first responders.

Subspecialty Evolution and Innovation

- Medical Dermatology: Past, Present, and Future – landmark discoveries and emerging directions.
- Dermatopathology Across the Ages – from glass slides to digital pathology.
- The Evolution of Aesthetics – historical milestones and transformative technologies.
- Skin Cancer Care Through the Years – advances in prevention, diagnosis, and treatment.
- Pediatric Dermatology – evolution of care for children across generations.
- Hospital Dermatology – from Goeckerman therapy to modern oncodermatology.

Recognition and Awards

- Young Leadership Award presentation.
- Early Career Research Awards highlighting emerging investigators.
- Formal Induction of New Members and celebration of the next generation of ADA leaders.
- Presidential Lifetime Achievement Award being presented to Henry W. Lim, MD at the 150th Anniversary Celebration of the ADA.

Distinctive Social and Cultural Events

- Opening Reception at The Ritz-Carlton, Philadelphia.
- 150th Anniversary Celebration at the Benjamin Franklin National Memorial at the Franklin Institute.
- Luncheon honoring our new members and spouses/guests at the Union League of Philadelphia.
- President's Gala at the National Constitution Center.
- Optional cultural and historical activity for spouses, a Historic Philadelphia Walking Tour.
- Optional docent-guided one hour, group tour of a special exhibition "A Nation of Artists", in celebration of the nation's 250th anniversary.

Humanizing Drug Development

Introduction by Hensin Tsao, MD, PhD

David Altshuler, MD, PhD

David Altshuler, MD, PhD is an endocrinologist focused on the genetics of human disease and how insights into causal human disease biology can improve success discovering and developing novel therapeutics. From 2015 to 2026 he served as Executive Vice President and Chief Scientific Officer at Vertex Pharmaceuticals, leading internal research, external innovation, data technology and AI. During his time as CSO Vertex discovered, developed and launched TRIKAFTA® and ALYFTREK®, the first triple therapies for people with cystic fibrosis; CASGEVY™, the first approved medicine using CRISPR/Cas9 gene editing for the treatment of sickle cell disease and transfusion-dependent beta thalassemia; and JOURNAVX™, the first new class of pain medicine approved in more than 20 years. Before joining Vertex as CSO he served on the Board of Directors from 2012 to 2014.

Prior to joining Vertex, Dr. Altshuler was a Founding Core Member, Deputy Director and Chief Academic Officer at the Broad Institute of Harvard and MIT. He was Professor of Genetics and Medicine at Harvard Medical School and a physician at Massachusetts General Hospital (MGH). He led international projects that characterized and cataloged human genetic variation and pioneered methods and practice of genetic analysis of common human diseases. His lab identified hundreds of genetic variants associated with risk of type 2 diabetes, cardiovascular disease, autoimmune diseases and cancer across multiple populations. He continues to teach as senior lecturer in genetics and medicine at Harvard and MGH. Dr. Altshuler is a member of the National Academy of Sciences, the National Academy of Medicine, and the American Academy of Arts and Sciences. He serves on the Scientific Review Board of the Howard Hughes Medical Institute, the Board of Scientific Counsellors at the Broad Institute, the Scientific Advisory Board of the Sanger Institute, and the Board of Trustees of Rockefeller University. The Obama White House named Dr. Altshuler a Champion of Change for his leadership in creating and leading the Global Alliance for Genomics and Health. Dr. Altshuler received his bachelor's degree in life sciences from MIT and his M.D. and Ph.D. in genetics from Harvard Medical School. He completed his clinical training at MGH in internal medicine and in endocrinology, diabetes and metabolism.

EVENING ACTIVITY FOR ALL

5:20 pm – 10:00 pm

150th Anniversary Celebration of the American Dermatological Association

Franklin Institute | Benjamin Franklin National Memorial

**Transportation will be provided*

- 5:20 pm SHARP **Member Transportation** *(Assemble at the South Penn exit of the hotel)*
- 5:45 pm **Members' Commemorative Photo on the Franklin Institute Steps**
- 5:45 pm **Spouse and Guest Transportation**
(Please meet in the Exchange Room, located near the lobby check-in desk)
- 6:00 pm **As the doors of The Franklin Institute open, the celebration begins**

Join us for a memorable evening commemorating the ADA's sesquicentennial anniversary in one of Philadelphia's most iconic and inspiring settings. Set within the Benjamin Franklin National Memorial, this special celebration will honor the Association's distinguished history, recognize the milestones that have shaped our specialty, and look ahead to the future of dermatology. **Attire: Cocktail Attire**

Immediately preceding the celebration, a historic group photograph of the ADA membership will be captured and preserved in the Association's archives as part of this landmark anniversary. Members are strongly encouraged to participate in this once-in-a-generation portrait commemorating 150 years of leadership, scholarship, collegiality, and excellence in dermatology. Together we will preserve the legacy of the ADA for future generations.

The evening will feature the presentation of the ADA Presidential Lifetime Achievement Award, the Association's highest honor, to Henry W. Lim, MD, recognizing his extraordinary contributions and enduring impact on the field of dermatology.

Her research focuses on wound healing and cutaneous fibrosis, with an emphasis on radiation-induced skin injury and biomarker development for chronic wounds. She leads a multidisciplinary translational laboratory that applies “skinomics,” integrating high throughput genomics with clinical phenotyping to identify novel pathways and therapeutic strategies for chronic wounds and fibrosing dermatoses. Dr. Stone has received funding from the Dermatology Foundation, the Wound Healing Foundation, and the NIH, and has authored numerous peer reviewed publications in leading dermatology and translational science journals. In addition to her research, she is deeply engaged in training aspiring physician scientists at the undergraduate, medical student, and resident levels and is recognized for her leadership in advancing the science of wound healing and fibrosis and positioning dermatology at the forefront of precision medicine.

SOCIAL ACTIVITIES FOR ALL REGISTERED MEMBERS AND SPOUSES/GUESTS

1:45 pm A “Nation of Artists” at the Philadelphia Museum of Art
Pre-registration and fee required
(Tours begin at 1:45 pm at the museum. Groups of 20 will begin tour every 10 minutes thereafter)

A docent-guided group one hour tour of a special exhibition “A Nation of Artists”. In celebration of the nation’s 250th anniversary, this expansive exhibition traces the richness and diversity of American creativity across three centuries through works from the museum’s collection and the renowned Middleton Family Collection. The exhibition features more than 1,000 works across both institutions.

Participants will meet the tour independently at the museum, a ten minute drive from the Ritz- Carlton.

Enter the museum through the North Entrance on Anne d’Harnoncourt Drive. Meet at the Information/Tour desk where the guide will begin their tour.

4:30 pm Mandatory Photo Session for All New Members,
Board Members and their Spouses/Guests

PAVILION BALLROOM

5:30 pm – 10:00 pm

President’s Gala

National Constitution Center
Transportation provided; or you may make your own way

- 5:30 pm Transportation via private motor coaches begins
 - 5:45 pm The doors open, ushering in an unforgettable evening
- Join us for the President’s Gala honoring ADA President Hensin Tsao: a celebration of his dynamic year of leadership and progress.

Set within the iconic National Constitution Center, the evening begins with a cocktail reception, followed by an elegant dinner and dancing. A refined atmosphere with a vibrant disco-inspired flair will carry the celebration into a lively and memorable night.

This gala serves as the grand culmination of our meeting—celebrating our shared accomplishments while looking ahead to the future of the ADA. Attire: Black Tie

General Information

MEETING REGISTRATION

The Board of Directors has established an Annual Meeting early registration fee of \$745.00 and a spouse/guest fee of \$545.00 for members registered by September 21, 2026. Children's registration fee is \$200.00 which includes opening reception and breakfasts only. Children will be given a badge to identify that they are part of the group.

A physician spouse/partner who accompanies the physician and who would like CME Credit must attend the educational session and pay the member registration fee of \$745.00.

Registrations received on or after September 21, 2026 are increased to \$945.00 for members and \$745.00 for spouse/guests.

Registration for members includes admission to all general and executive sessions, daily breakfasts, Opening Reception, 150th Anniversary Celebration of the ADA, Luncheon Honoring the New Members, and the President's Gala. If you wish to register a spouse/guest, please indicate his/her name on the advance registration form. The spouse/guest registration entitles admittance to the spouse/guest breakfasts, Opening Reception, 150th Anniversary Celebration of the ADA, Luncheon Honoring the New Members, and Saturday's President's Gala.

CANCELLATIONS & REFUNDS

In order to qualify for a refund of fees, cancellation notice must be received in writing to the headquarters office no later than October 1, 2026. A refund will then be issued, less a \$50 administrative fee. According to standing policy, reaffirmed by the Board of Directors on February 3, 2011, there will be no refunds after the October 1, 2026, cut-off date. Please note: there is no provision for partial registration fees or refunds for activities not attended.

ACCREDITATION

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Macon & Joan Brock Virginia Health Sciences at Old Dominion University and The American Dermatological Association. Macon & Joan Brock Virginia Health Sciences at Old Dominion University is accredited by the ACCME to provide continuing medical education for physicians.

CREDIT DESIGNATION

Macon & Joan Brock Virginia Health Sciences at Old Dominion University designates this live activity for a maximum of 16.25 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

DISCLOSURE OF CONFLICT OF INTEREST

Members and guests are reminded that conflict of interest disclosure is required of all speakers and participants.

BYLAWS ARTICLE III, SECTION 4(B.1)

If any Active Member shall fail to attend at least one (1) Annual Meeting out of any three (3) consecutive Annual Meetings without an excuse acceptable by the Board of Directors, such member's membership shall terminate upon presentation by the Secretary to the Board of Directors of a report of such failure. This report shall be presented to the Board of Directors at their next meeting following the Annual Meeting, at which the delinquency becomes complete and such member or members shall be notified by mail of the termination of their membership.

ADMINISTRATIVE REGULATIONS

Attendance at the scientific programs of the annual membership meeting shall be limited to members, spouses/guests of members and guests invited by the Board of Directors.
